

About Hampshire Safeguarding Adults Board (HSAB)

This information is from Hampshire Safeguarding Adults Board.

The **Safeguarding Adults Board** is made up of services that work together to keep people who are vulnerable safe from abuse or neglect.

What we do

We want local people to be safe and well and to have good care when they need it.

We do this by:

- acting against abuse or neglect wherever it happens

- telling people that abuse or neglect is wrong and that it is everyone's job to stop it happening

- making sure services work together well when someone tells them about abuse or neglect

- working with care services

- acting quickly if people say local services are not safe.

Each year we write:

- a report to say what we have done

- a plan to say the most important things to do over the next year.

If you are worried – tell someone

You must be able to trust the people who care for and support you.

Abuse or neglect is always wrong and sometimes it is a crime.

You should tell the police as soon as you can.
